## Santa's Arts and Craft Show

The rumor at the North Pole these days . . is,  
That the weather in Kansas is hotter than "Blazis".  
Well, suck it up kids and get busy makin' your crafts,  
So when December comes you can have the last laughs.

Your merchandise will sell well at the Arts & Craft Show,  
Held in Humboldt December 3<sup>rd</sup>, that's Saturday you know.  
I've enclosed all the details, so get on the stick,  
Send in your registration, better make it quick.

I'm oiling the sleigh and fattening the deer,  
In prep for the trip to Southeast KS this year.  
Mrs. Claus tells me I'm slowin' down some,  
But I'll make it on time to Humboldt, By Gum.
